"Illusions"

In the diary of a well-known traveler there appeared this entry:—

"To-night, looking over the side of our huge ocean steamship, going swiftly for miles and miles, we saw a wide stretch of liquid silver. It was the resplendent phenomenon of the phosphorescence."

Among the latest discoveries there is a paint which can be applied to make things luminous in the dark. But, unfortunately, so far as is now known, the artificial illuminating light is not durable.

In many cities some of the tradesmen's advertisements and their show windows are, in substance, like well-done schemes of phosphorescent painting. The goods inside the store do not match the window displays or the newspaper advertising.

How can a two-faced store with a two-faced service do without a two-faced advertiser and a two-faced salesperson—if all elements of that institution are to be kept in harmony?

Whatever the answer, it is of little concern to THIS store, or to you, so we shall not hazard a guess.

But what does concern us, and our patrons as well, is HOW CAN WE COME NEAREST TO 100% EFFICIENCY IN SERVICE TO THE SHOPPING PUBLIC. That's the aim of this store.

MILLER & RHOADS.

STATE BAR ASSOCIATION
TO MEET AT OLD POINT

Annual Convention Opens on Tuesday. Former Secretary of War Garrison to Make an Address.

Headed by Eppa Hunton, Jr., president of the body, a large delegation of Richmond lawyers will leave tomorrow for Old Point to attend the annual meeting of the Virginia Bar Association, which will open at 11 o'clock in the morning with a business session at the Chamberlin Hotel. The feature of the meeting will be the annual address of President Hunton. The executive committee, Lewis C. Williams, of Richmond, chairman, has arranged an interesting program, on which will figure speakers of national prominence. The convention will last through Thursday. On Thursday morning at 11 o'clock an address will be delivered by Lindley M. Garrison, former Secretary of War, on the subject, "The Ideal Basis for Law."

There will be day and night business sessions on Wednesday. In the morning there will be a session by R. Gray Williams, of the Winchester bar, on "Some Suggested Changes in the Law of Wills in Virginia." Later at the same session will follow the annual election of officers. The evening meeting will be devoted to discussion of an action on the report of a special committee on the promotion of the general welfare and increased usefulness of the association, of which committee W. Anderson, of this city, is chairman.

The entertainments include a general reception to-morrow night, and the annual dinner Thursday night.

FORD IS CHARGED WITH
SHOOTING HIS WIFE

Her Condition Is Reported as Precarious, and Henrico County Police Are Searching for Him.

Philip Ford, alias "Sweetie" Ford, a resident of Ridge Church, in Henrico County, is said to have shot and seriously wounded his wife, Minnie Laura Ford, yesterday morning at 8 o'clock in their home.

Ford is said to have done the shooting with a .22-caliber rifle. The bullet went through his wife's body and lodged in the floor. Dr. Michael, of Ridge Church, stated yesterday that the victim was badly wounded, but that he could not tell at this time whether or not the wound will prove fatal.

Ford and his wife have not been on good terms of late, and she is said to have been suing him for non-support. Ford is said by the police to have gone to her home yesterday morning and told his wife that he was going to kill her. It is stated that he had threatened his wife on former occasions.

The Henrico County authorities set out on the trail of the Ford but up to a late hour last night he had not been arrested.

Automobiles in Collision.
Herman Merten, 225 Franklin Street, was injured slightly early last night when the automobiles of C. O. Walton, 627 North Eighth Street, and H. P. Gribble, 13 South Davis Avenue, collided at Avenue and Gribble Street. Merten was in Gribble's car and was hurled violently against the side of the car. He was able to go to his home in a short time and did not require the assistance of a surgeon. Both of the machines were damaged slightly. Policemen Dawson visited the scene shortly after the accident, but made no arrests, deeming the accident unavoidable.

Reorganize Fire Board.
The Board of Fire Commissioners, now reduced to four members, will reorganize at a session scheduled to be held at 8:30 o'clock. President Jennings, Vice-President Lecky and Secretary Jones, it is expected, will be re-elected.

ARRESTED IN RALEIGH
ON CHARGE OF MURDER

Two White Men Alleged to Have Hired Car in Portsmouth and Killed Chauffeur.

Major Broughton, Chief of Police of Portsmouth, arrived in Suffolk yesterday afternoon with the stolen car owned by Mr. Fisher, of Portsmouth, which was driven by Richard Billings, a colored chauffeur, who was found murdered on the Suffolk-Norfolk road, about ten days ago. The white men who hired the car in Portsmouth and are supposed to have shot Billings and made off with the car, were also arrested near Louisville, N. C., by the Portsmouth officers and are now in the city. Their names are W. L. Goodson and Coleman Merritt. They were positively identified by Luther Turner, colored, of Portsmouth, who was present when they hired Fisher's car. Billings' cap was in the car, which was hidden in the woods near Louisville. Commonwealth's Attorney S. E. Everett will prepare an indictment charging them with the murder of Richard Billings and the Portsmouth authorities will charge them with the kidnapping of the car. Major Broughton left for Portsmouth with the recovered car late yesterday.

The Governor's office was notified last night of the arrests, and the corner of North Carolina was asked to have the prisoners held until requisition papers can be prepared.

The Commonwealth's grand jury will be convened this morning and it is expected that copies of the indictments will be sent to North Carolina with the requisition papers.

SUNDAY ARRESTS

Driver Held by Police for Delivering Laundry to Pullman Company.

The police continued making arrests yesterday for alleged violations of the Sunday closing laws. The most important of the cases was the arrest of a laundry driver, charged with delivering laundry to the Pullman Company yesterday. The driver was Thomas Miller, colored, 1015 Dugan, who arrested Miller, also arrested Leslie Gallier and Frank Combs, clerks of the Pullman Company. All were charged with laboring at a trade and calling on the Sabbath.

J. H. Adkins was arrested by Policeman Ship on a charge of selling merchandise at his store on Sunday. W. R. Anderson, clerk at a hotel cigar stand, was arrested by Sergeant Clarkson and Policemen Settles and Larriss on a charge of selling tobacco on the Sabbath.

H. E. Gordon was arrested by Policeman Clarke and Waller on a charge of selling bread on Sunday.

O. D. Dennis, proprietor of a Broad Street automobile supply store, was arrested on a charge of selling gasoline to a jitney and other drivers. Sergeant Zimmerman and Policeman Schief made this arrest.

A. Simon and George Pops, both of whom have been arrested several times before on similar charges, were arrested by Sergeant Zimmerman and Policeman Tate on charges of selling soft drinks and confections.

Mozar was arrested by Policemen Harris and Anderson on a charge of selling groceries and cigarettes. Joseph Pollard, colored, was arrested by Sergeant Clarkson and Policeman Waller on a charge of crying newspapers on the street.

To Hear Virginia Hunters.
Virginia hunters will be given a hearing in Washington to-day on the subject of proposed changes in the Federal migratory bird laws in their application to the hunting of wild water fowl. The meeting will be held in the Bureau of Biological Survey of the United States Department of Agriculture.

HOLD JOINT SESSION
TO RE-ELECT OFFICIALS

City Council Meets To-Morrow Night to Name Men to Serve Two-Year Terms.

CRUTEHFIELD IS ON LIST

Expected to Be Again Chosen as Justice of Police Court Without Opposition—Board of Aldermen in Monthly Session.

To elect city officials for terms of two years, a special joint session of the City Council will be held to-morrow night at 7:30 o'clock, a call having been issued two weeks ago by William H. Adams, president of the Board of Aldermen.

Among the officials who will be re-elected, without opposition it is expected, are the following: Police Justice John J. Crutehfield, Ben Tucker, clerk of Police Court; City Attorney H. R. Polard, City Clerk Ben T. August, G. C. Russell, sergeant-at-arms of the Council; City Auditor George S. Crenshaw, Clerk of Council Committee Alfred H. McDowell and the chief clerk to the City Treasurer.

Whether or not the Council will name a substitute Police Justice is a matter which remains to be seen. There is a conflict in the new City Charter on this point, one section providing for election by the Council and another authorizing the Mayor to designate a Justice of the peace for this purpose. The Council is now held by Magistrate Wilbur J. Griggs. It seems certain that Justice Crutehfield will be re-elected by a unanimous vote.

SESSION OF BOARD

FOLLOW'S ELECTIONS
This year the Council will not have to name members of the Board of Police Commissioners, nor the Board of Health, both bodies having been abolished, the Mayor being placed in charge of the Police Department and the Administrative Board of the Health Department.

The members of the Board of Fire Commissioners, who now number only four, hold over, the term of Commissioner Taylor not existing until next year. Commissioner Charles Kepler, of old Monroe Ward, and Stanley B. Tyler, of old Henry Ward, went out of office on July 1.

The election of officials is expected to require but a short time, and the joint session will be immediately followed by the monthly meeting of the Board of Aldermen.

At present there are few important measures pending before the Council, which will be reorganized in September, when several new members will take their seats. In view of this fact, legislation of an important character is being temporarily held in abeyance until the new body is formed, for, if introduced now and not passed before September 1, any measure would die with the expiration of the Council.

TOO MUCH TRASHY MUSIC

Dr. Potat Would Have Ragtime Tunes Eliminated From Baptist Hymnals.

[Special to The Times-Dispatch.]
NORFOLK, VA., July 9.—Discussing "Church and Sunday School Music" at the Baptist encampment to-day, Dr. Hubert Potat, of Wake Forest College, N. C., condemned Baptist hymnals as being too full of music of a "trashy and ragtime" nature. He declared that such hymns should be eliminated, and the music made more dignified and beautiful.

To-day's encampment program began with an impressive "sunrise" service on the pier. The sermon was preached by Rev. W. E. Gibson, of Richmond, who took for his subject, "Jesus by the Sea of Galilee." More than 600 took part in the service.

The meetings continue to be well attended. Already the attendance has been greater than during the entire time of last season's encampment. To-day a record-breaking crowd, more than 1,000, heard Rev. S. W. Melton, of Norfolk, deliver the morning sermon.

HENRY FORD MAY HEAD
PROHIBITION TICKET

Eugene W. Chaffin, Twice Nominee of That Party, to Work for Manufacturer's Nomination.

CHICAGO, July 9.—Eugene W. Chaffin, twice nominee of the Prohibition party for President, announced here that he would work for the nomination of Henry Ford for President at the Prohibition National Convention at St. Paul two weeks hence.

Coincident with Mr. Chaffin's arrival, it was announced that V. M. Hinshaw, chairman of the Prohibition National Committee, has had an interview with Mr. Ford on the subject of presidential nomination, and that Mr. Ford's views on the liquor question were satisfactory to the national committee. The Detroit manufacturer will announce his position in a few days, it was said. That Mr. Ford will accept the nomination was taken as a foregone conclusion by Mr. Chaffin.

Mr. Ford is a stronger candidate than either Wilson or Hughes, and, if nominated, can be elected this year," Mr. Chaffin added.

JOHN ANDERSON SAYS

HINSHAW SAW FORD

DETROIT, Mich., July 9.—John Anderson, Henry Ford's attorney, confirmed the dispatch from Chicago that V. M. Hinshaw, chairman of the Prohibition National Committee, recently conferred with Mr. Ford. When asked whether Ford would soon issue a statement regarding his position on the question of being a presidential candidate, Anderson said:

"If Mr. Ford told Mr. Hinshaw that he would issue a statement he undoubtedly will do so."

Mr. Anderson reiterated the statement made earlier this week that Mr. Ford was not in politics. He commented upon the fact that Ford had taken that attitude when approached by Republican and Democratic leaders who had suggested his name as the party nominee for President. Anderson declined to state, however, that Mr. Ford would not accept the presidential nomination from the Prohibition National Convention.

Park Concerts

Week of July 10, 8 to 10 P. M.

1. March, "Lakeside".....Lake
2. Overture, "Pique Dame".....Suppe

CITY READY TO FIGHT
INFANTILE PARALYSIS

Dr. Levy Will Complete Plans to Prevent Spread Should Disease Appear Here.

IS READY FOR EMERGENCY

Report From Chesterfield County Proves Not to Be Alarming. Health Officer Urges Precautions Against Malady Now Epidemic.

Announcement was made last night by Dr. E. C. Levy, Chief Health Officer, that he would to-day complete all necessary arrangements to handle immediately any case of infantile paralysis, should this dread malady, which has grown to the proportions of an epidemic in New York City and is reported to be spreading in many Northern cities, develop in Richmond. If there be any manifestation of this disease, the health authorities will be prepared to begin at once a fight to stamp it out in its incipency.

"If a case develops, and we are able to trace the source of infection at once, we will have our battle won before we start to fight," said Dr. Levy. Some alarm was created yesterday, when a report was circulated that a case of infantile paralysis had been established in Chesterfield County. The three-year-old son of prominent parents was found to be the supposed victim. In case he at once reported, the case was accepted. Dr. McDaniel will not likely go into the service unless the brigade is called out, as each of the two Virginia regiments now on the Mexican border has its own chaplain.

REV. JAMES P. SMITH, D. D.,

PREACHES TO ARTILLERY

Yesterday proved a quiet day in the camp. The morning hours were spent in worship. Rev. James P. Smith, D. D., chaplain of the First Battery, Field Artillery, preached in the grove in Sherwood Park. Practically all of the troops were present, and there came a number of visitors from the city.

In the afternoon the usual large crowd of Sunday friends and sight-seers was caught in the rain. The rainfall, which continued from the afternoon and into the night, deterred many from going out to the camp and effectively drove those already there to cover. The rain also broke into the camp routine and "guard mount" was rather abbreviated.

The men are anxiously awaiting orders to go to the front and expect to be called at almost any hour. All of the units present, except Grimes Battery and the Engineer Corps, have been in the service, and the task of entraining would not be a difficult one, once the orders are received.

CALLS FOR STATEMENT

State Tax Board Wants to Know Amount of Intangibles Voluntarily Reported.

Executive Assistant Garnett, of the State Tax Board, has forwarded to all taxpayers a record, a letter asking for a detailed statement not later than July 26, showing the total amount of intangible property, money and income reported voluntarily in each county and city of every taxpayer's circuit.

The amendment to section 508 of the Code, enacted by the last General Assembly, provided that if taxpayers should report to the examiner's office on or before August 1, 1916, their omitted intangible personal property, money or income, the taxes on such property should not be subject to interest or penalty. The Tax Board's call for a statement of voluntary reports is for the purpose of carrying out this provision of the law and assuring to those who have made voluntary reports the reward for their promptness.

HOUSE TO VOTE BY MACHINE

With Electrical Device Installed Roll Call Will Take Only Ten Minutes.

WASHINGTON, July 9.—The House Committee on Accounts will report a resolution providing for the installation of the House of an electrical device which will register the votes of members upon measures coming up for action. By these means it is said a vote can be taken on a bill in ten minutes, whereas under the present system it requires forty-five minutes to call the roll.

The main contention in favor of the project is that it will do away with filibustering by shortening the time for taking a vote.

There is opposition to the plan, however, and a minority report from the committee will be presented.

False Pretenses Charged.

A. F. Buttner was arrested at the State Fair Grounds yesterday by Policemen Flournoy and Dawson on a charge of obtaining \$2.50 from O. C. Ashworth under false pretenses.

HORSES REQUISITIONED
FOR VIRGINIA TROOPS

Governor Asks for 700 Mounts for Artillery and Cavalrymen.

BRANCH JOHNSON ELECTED

Chosen as Captain of Grimes's Battery, of Portsmouth—Men Disqualified by Physicians Are Paid Off and Sent to Their Homes.

About 450 national guardsmen, who have been in Camp Henry C. Stuart since the troops were mobilized, and who were not accepted for physical reasons or because of their refusal to take the Federal oath of allegiance, were yesterday paid off by Lieutenant-Colonel Charles H. Consoyle, paymaster of the Virginia National Guard, and left for their homes in various parts of the State. Only the units that have been mustered in or those still trying to recruit to the necessary strength remain in camp.

Requisition has been made by Governor Stuart upon the War Department for about 700 horses, for the use of the artillery companies, the First Squadron, First Virginia Cavalry (Richmond Blues), the Signal Corps and physicians who accompany these several units. The requisition for the horses is subject to the approval of the War Department, which may either forward the animals here or forward them to the point where the various units are to be assembled. In case the remaining troops now in camp Stuart are ordered to the border, the War Department may have the horses sent to that point to meet the artillery and cavalrymen on their arrival.

I. BRANCH JOHNSON IS

ELECTED CAPTAIN

Battery C—Grimes Battery—yesterday elected I. Branch Johnson, of Norfolk, captain of the company in place of Captain R. C. McDonald, who resigned on Saturday. First Lieutenant W. J. Pennant is ranking officer of the battery, and the newly-elected captain arrived to assume command.

In the event that Rev. George W. McDaniel, D. D., pastor of the First Baptist Church, is given a commission in the Virginia Brigade, the congregation will vote him the necessary furlough. L. C. Jenkins, of the board of deacons of the church, called at Governor Stuart's office yesterday and ascertained from Secretary Alexander Forward that Dr. McDaniel had applied for such a commission. He said that the board of deacons would grant Dr. McDaniel a furlough in case his services at the front were accepted. Dr. McDaniel will not likely go into the service unless the brigade is called out, as each of the two Virginia regiments now on the Mexican border has its own chaplain.

REV. JAMES P. SMITH, D. D.,

PREACHES TO ARTILLERY

Rivers Throughout Two States Reported Bank-Full, With No Cessation of Downpour.

MANY HOUSES UNDER WATER

Several Industrial Plants Will Not Open To-Day, Because of Flooded Basements—Another Schooner Added to List of Missing.

ATLANTA, GA., July 9.—Rivers throughout Georgia and Eastern Alabama were reported bank-full to-night, while the heavy rains continued. Flooded rivers already have taken two lives in Georgia within the last twenty-four hours, and to-night it was reported from Columbus, Ga., that the Chattahoochee there threatened to overflow.

It said that several industrial plants would not be able to operate to-morrow because of flooded basements, while Girard, Ala., just across the river, reported many houses in the negro section already under water.

Farther down the river, lowlands already have been flooded.

RAIN IN BIRMINGHAM

CONTINUES FOR 36 HOURS

BIRMINGHAM, ALA., July 9.—Rain which continued to-night had been falling in Birmingham continuously for ninety-six hours, except for five periods of thirty minutes each during the last four days. The total precipitation for the period was 12.74 inches.

To-day's rain, however, has not been heavy, and has allowed the flood waters of the past few days to subside.

ANOTHER SCHOONER ADDED

TO LIST OF SEVEN MISSING

BLOOM, July 9.—The American schooner St. Bartholomew was to-night added to the list of the seven schooners reported missing yesterday.

Patrol boats and tugs searched all Saturday and to-day for the missing schooners, but no success was reported. A few scattered bits of wreckage were located, but there was nothing which would make identification possible.

The loss in this vicinity, including shipping, to-night was estimated to be in excess of \$150,000.

WRECKAGE IN MOBILE

BEING CLEARED AWAY

MOBILE, ALA., July 9.—Wreckage in Mobile and immediate vicinity left by last week's terrific tropical hurricane which spread over the Gulf coast was rapidly being cleared away to-day, and to-night telegraph and telephone service with the outside world had been partially restored to Mobile, while street cars, electric lighting plants and other public utilities were in partial operation. There have been no deaths in Mobile during the storm, which demolished the water front, and is believed to have caused much loss to small boats.

Two bodies were to-night reported washed ashore at Fort Morgan, forty miles from here. They were believed to be those of sailors from some vessel sunk during the storm.

Railroad schedules were being restored to-day, and trains were being operated on delayed schedules.

SELLING WHISKY

Police Raid Two Alleged Speakeasies. Negro Charged With Peddling Liquor.

Detective Fertucci and Duffy yesterday raided two alleged "speakeasies" and arrested the proprietors, capturing a quantity of whisky and beer. William Harris, colored, was arrested on a charge of selling liquor without a license at 1613 North Twenty-first Street; Dolly Dawson, colored, was arrested on a charge of selling liquor without a license at 1905-A Short O Street, while Ernest Bowles, colored, was arrested on a charge of peddling whisky on Sunday.

Early last night the detectives, with Policeman Wyatt, raided the house at 239 North Seventeenth Street and arrested Malinda Odgen, colored, on a charge of selling liquor there without a license. All of these cases will be called in the Police Court to-day.
